## COURSE MODULES

01

FOUNDATION

### UNDERSTANDING THE BUSINESS

Learn how the AI OFM model actually works — revenue streams, realistic timelines, and the mindset operators making \$10K+/month share. Most people quit before the money starts. You won't.

Revenue streams

Fanvue vs OnlyFans

Income timeline

Operator mindset

02

AVATAR CREATION

### CREATING YOUR AI AVATAR

The exact workflow to build a fully consistent AI persona — from finding your model's look to generating 40 template photos, training Soul Character, and producing unlimited content with Higgsfield & Kling.

Nano Banana Pro

Soul Character

Higgsfield Soul 2.0

Kling Motion 2.6

40 prompts included

## 03

PROFILE SETUP

### SETTING UP YOUR FANVUE PROFILE

Your profile is your storefront. Every field matters. Covers bio template, pricing strategy, posting schedule, and launch discount setup to build your base fast from day one.

Bio template

Pricing strategy

Launch discount

Posting schedule

## 04

MONETIZATION

### FAN ENGAGEMENT & MESSAGING

The real money is made in the DMs. Master the full fan pipeline — from welcome message to PPV upsell, re-engagement, and renewal saves. Includes ready-to-use templates and mass blast strategy.

Mass blasts

Fan segmentation

Retention

## 05

GROWTH

### TRAFFIC & GROWING YOUR FANBASE

The best profile makes \$0 if nobody finds it. Learn the free traffic channels that actually convert — Reddit, Twitter, TikTok, Instagram — and the content repurposing system that turns one session into 6 posts.

Reddit strategy

Reddit title templates

TikTok & Instagram

Content repurposing

## 06

SCALE

### AUTOMATION & SCALING

Remove yourself from the equation. Automate welcome DMs, PPV blasts,

and re-engagement sequences. Then scale to multiple personas targeting \$15K–\$50K/month with under 2 hours of work per day per persona.
